Mrs. Charman Justice  
PO 714  
Roosevelt UT 84066

Dear Charman:

Re: Ute Tribe Ditch

This letter is to confirm the instructions you received today over the telephone from me and John Mabey, the Assistant Attorney General.

We understand that Dave Murray is now attempting to irrigate Art Reikle's land through the Ute Tribe Ditch. As we instructed you this morning, you are not to distribute any of Art Reikle's water into the Ute Tribe Ditch without a written agreement or notice of consent from the Ute Tribe. This is in keeping with the position this office took several years ago concerning this problem.

If you have any questions concerning this directive, please contact Lee Sim or Bob Leake.

Sincerely,

Robert L. Morgan, P. E.  
State Engineer
